

Introduction

As a result of the Public Health Act of 1875, a Parochial Sanitary Committee for Great Ayton was appointed by the Stokesley Board of Guardians. The Great Ayton Parochial Sanitary Committee met from 1876 to 1898, and kept minutes of their meetings. These minutes contain information about water supplies and sewage disposal, particularly relevant to the expansion of the village in the nineteenth century. There is information about who owned various properties.

The minutes are available in the North Yorkshire County Record Office at Northallerton, listed under PR/AYG 11/1 (relisted as PC/AYG 2/1). They are on microfilm MIC 1202, starting around 0920 on the film counter.

There follows a transcription of the minutes made by Ian Pearce and Dennis Tyerman.

Sir, I write in reference to the churchyard of this parish and request that you come and inspect it according to the provisions of the Public Health (Internments) Act 1879 and the instructions sent down from the President of the Local Government Board, Whitehall, in August last, I may add that the churchyard has for some time past been quite full, and we have lately endeavoured to secure more room by pulling down part of the church. This however was only a temporary provision and quite insufficient to meet the requirements of the parish. The churchyard should be closed and new burial ground provided forthwith.

I am yours truly

As regards the Friends Almshouses we find that each House is provided with an ashpit and watercloset, said WC emptying itself into a small Rivulet passing down the Back Row finally emptying itself into the principal beck passing through the village.

The committee recommend that M^r Hodgkin be written too asking him to make provision so as to prevent the excrement etc from the WC passing into the beforementioned Rivulet.

They also recommend that a cesspool be made at the end of the Back Row Rivulet so as to prevent any excrement etc passing into the main Beck and that M^r Mease be instructed to come and look to the general Sanitary Condition of the village.

Meeting of the Great Ayton Parochial Sanitary Committee held in the Old School July 10th 1886

Present: Thomas Eeles, William Winn, Ralph Dixon, J Thistlethwaite, John Peacock, William Hauxwell.

The attention of the committee having been called (by M^r Mease) to the need for a sewer at Ayton by the side of Gelder Garth to the High green for the purpose of draining property in that direction and also to the standage of water in the Old Brick yards in California from a defective outlet.

The committee report that D^r Loy has put down a proper Sanitary pipe drain from his property on High green Gelder garth) and they recommend that Miss Ann Kilvington be requested to properly drain from her property and Mr Clemenson be requested to do same by hers so far as the Law will compel her and that it be finished out by the Sanitary Authority.

They also recommend that the owners of the Brick yard be communicated with and requested to open out the drain in the brick yard so as to allow the water to flow on its proper course and that the owners of the open gutter into which the water flows be requested to clean it properly out.

Meeting of the Great Ayton parochial Sanitary Committee held in the Old School July 27th 1888

Present:

Messrs Thomas Eeles, W^m Hauxwell, Robert Barker, James Peirson, W^m Winn.

Mr Thomas Eeles was elected Chairman for the current year.

Complaint having been made as to the condition of the Grey Well and the committee having inspected the same find the water in a very Filthy state and quite unfit for domestic purposes and they recommend that a well be sunk and a good pump put down at the corner of the High Green on the West side of the present lamp post nearly opposite the Royal Oak Hotel.

The Committee find that the water supply has been considerably diminished by the various drains and laying of Gas and other pipes by J B Hodgkin Esq and they recommend that he be kindly asked to contribute a considerable share of the expense.

The following letter was Read

Stokesley Rural Sanitary Authority

Inspectors office, Hutton Rudby 27th July 1889

To the Chairman of the Parochial Sanitary Committee Great Ayton

Dear Sir

I have to call the attention of the Parochial Committee to a complaint of the foul state of the beck at Great Ayton at the mouth and below the outlet of the sewer at the low end of the village and also to the defective state of the Main Sewer on the West Side of California the drains from the property of M^r Hutchinson being completely blocked.

I shall be glad to report what steps the committee propose in order to remedy the defects complained of.

I am, yours respectfully, Joseph Mease Inspector

August 16th 1889

As regards the sewage at the low end below the Buck. The committee recommend that the drain be continued westwards a distance of about twenty yards so as to let the sewage into deeper water.

Regarding the drain adjoining M^r Hutchinsons property (South) the committee find that the drain or outlet running west from M^r H's land is too small to carry the (Top) water of when there is a considerable quantity

coming down and recommend that the owner of the property adjoining the south of the field belonging to the trustees of the late Rob^t Johnson be written requesting him to open up the main and put it in a proper state so as to carry the water of and that M^r Hutchinson be requested to open up his own drains and clean them to the Main Sewer west of his house the committee considers that to be private property.

At a meeting of the Great Ayton Parochial Committee namely Thomas Eeles, William Harbottle, William Winn, Frederick Robson, John Robert Foster and William T Donaldson held in the old schoolroom at 7 o'clock on Friday evening the 18 of Nov all being present. M^r William Winn proposed and M^r Thomas Eeles seconded that John Dixon be appointed Clerk which was carried unanimously.

Proposed by M^r Winn and seconded by M^r Harbottle that M^r Thomas Eeles be appointed Chairman which was also unanimously carried.

The following complaint has been sent from the Stokesley Sanitary Committee for us to consider and report on.
Great Ayton, Yorks Sep 1892

Sir The undersigned inhabitants of the Village of Great Ayton have the honour to request the intervention of your board in a matter seriously affecting the health of the population under circumstances which should an epidemic break out would prove most disastrous.

The Village has 1700 inhabitants and no system of drainage except into the River Leven which intersects the Village and is generally dry but for the sewage flowing into it. The Leven is a clear stream from the hills but is stopped at the high end of the Village by a dam 12 feet high and the water is diverted by a sluice feeding a small mill and runs to waste below the Village. The sluice is closed and the water allowed to run through the Village only and not always on Sundays during the remaining days the bed of the river is full of sewage the principal outfall is close to the main street and the effluvia on warm days is poisonous. We most earnestly beg for the favour of an official inspection and investigation of the evil by authority as nothing can be done otherwise. The owners of the property are absentee and there is no resident Magistrate or local Board we have the honour to be Sir, Your most obedient servants

Richard M Withington, Vicar of Great Ayton in Cleveland

James O Purvis, Great Ayton

M E Jackson, Vicar of Newton residing at Gt Ayton

R E Golightly, Capt Kings Rifles, Great Ayton

James Taylor, Ayton House

The Secretary

Local Government Board

London

The Clerk is desired to draw up an answer to the complaints made and refer it to William Winn and William Harbottle to inspect and bring to next Fridays meeting for approbation.

William Winn proposes and John R Foster seconds that this meeting be adjourned to 3 o'clock on Friday the 25th inst when the complainants be asked to meet the committee and discuss the question and make any suggestions they wish. The Clerk to give them due notice.

Nov 25th met by adjournment from Friday the 18th Present Thomas Eeles in the Chair, W^m Harbottle, Frederick Robson. The clerk reports that he gave notice to all the complainants and the following Gentlemen responded to the invitation R^{ev} R M Withington, R^{ev} M E Jackson, M^r James Brown and M^r James Purvis.

In answer to the complaint referred to the committee desire that M^r Mease be instructed to enquire as to any Water Closet emptying directly into the stream with a view to having settling tanks if required. This Committee

consider that the best thing they can do is to ask the Government authorities to order a certain quantity of water to pass regularly through the original course and not to alter the whole to be diverted by the mills as we consider we have the prior claim to the water after this all surplus water to go for the use of the mills any other scheme will leave the bed of the river in a worse state than it has ever been.

At a meeting of the Parochial Sanitary Committee held in the Old Schoolroom on the 25th of May the clerk reports that he has received the following letter from the Rural Sanitary Authority.

Union Offices Stokesley
28th April 1894

Dear Sirs

I beg to inform you that at a meeting of the above Authority held this day the following persons were appointed a Parochial Committee for your Parish viz William Winn, William Harbottle, John R Foster, J P Fry, Thos Eeles, W T Donaldson, Henry Kitching and D^f C Stuart.

To the Overseers of the Poor

Yours truly
George Gibson

The whole of whom except J P Fry who is from home have had notice.

Thomas Eeles was unanimously proposed to be Chairman for the following year.

Present William Winn, Thomas Eeles, J R Foster, D^f C Stuart, W^m Harbottle and W^m T Donaldson.

The clerk read the letter sent to the Local Government Board repeating the unsanitary state of the Village.

In answer to which the Committee report that they are wishfull (sic) to drain the Village and put down tanks and filter beds provided that the Local Government Board will allow them to borrow money for the same.

Proposed by Mr Wm Winn and seconded by Mr J R Foster that the whole of the Water Closets be examined by the inspector as it is feared some of them are faulty.

Proposed that Mr Winn ask the leave of the Rural Sanitary Authority for us to have the bed of the stream well cleaned out and get the advice of the clerk respecting the diverting of the water on Sundays and other times when not used for driving the mills.

Tho^s Eeles
Chairman

August 1st 1894

The clerk reports that he sent each of the members of the Parochial Committee notice to meet in the Old Schoolroom at 7pm 1 August.

Present Thomas Eeles in the chair William Winn William Harbottle and William T Donaldson.

The committee find they cannot get any further in the matter of drainage until they can get an interview with Henry Kitching Esq who has been from home as this is the only land available for putting down settling tanks within a reasonable distance they therefore appoint M^r Thomas Eeles M^r William Winn M^r William Harbottle and D^f C Stuart to meet M^r Kitching.

The clerk is instructed to ask him to name the earliest time he can meet the deputation.

The committee have given M^r William Harbottle orders to erect two ventilating pipes into the present drain going through the Back Row which will prevent a great deal of the present nuisance.

Chairman

August 16th 1894

The sub committee with the exception of M^r Eeles met M^r Kitching to ascertain his views on the drainage of the Village which he declines giving until the committee employ a competent sanitary Engineer to examine and report; they therefore recommend that one be employed at once and report.

Third The clerk read the following report from the sub committee.
Report of the Sub committee of the Great Ayton Parochial Sanitary Committee
Gentlemen

Re Drainage Scheme

We have given careful consideration to the question before us and beg to report as follows.

It seems to us quite impossible to accept any one of the plans in its entirety and further it seems extremely difficult to decide which is the best all round where there are so many points to take into consideration. One excels in one direction and another in another.

We further consider that as a decision to be arrived at is one of such great importance to the Village and one which will be so far reaching in its results we should take every precaution to ensure our securing the best man to carry out the work.

We further have come to the conclusion that it is our duty to recommend that you should call in a competent Engineer to assist your sub committee in forming a decision and we beg to suggest that M^r T W Stainthorpe MAICE be asked whether he would assist the sub committee and what remuneration he would require for so doing.

Yours Respectfully

Dear Sir

The Parochial Committee desire me as clerk to inform you that the arrangements for the above have been again referred back to us from the Sewerage Committee of the Stokesley District Council. We have now received the report of the Local Government Board who amongst other things, request that a provisional agreement be entered into (subject to their approval) for the purchase of land for disposal works. At our Committee Meeting on Tuesday evening Ap 14th I was desired to communicate with you as the committee feel sure that you as a large landed proprietor in the parish and neighbourhood will not wish to put the parish to any avoidable trouble and expense in the matter which you will be aware is forced on us by the Board. We have already spared no expense in selecting the best Engineer possible who considers your land decidedly the most suitable for the disposal works the Universal System of Purification (Ives Patent) which makes the water pure when returned to the stream and is considered the most perfect will be adopted. I may say that it is the wish of the committee to meet your views in every way they can and we hope and trust that you as a gentleman interested as you are and have always been in our neighbourhood will reconsider the subject and help us in our arduous (sic) task.

Ap 21 1896

The clerk is requested to write to E H Wynne Finch Esq thanking him for his answer of 21 of April but as before stated the Local Government having requested us to get an offer of the land which E H Wynne Finch refuses to give the only alternative is to get provisional powers for the compulsory purchase the following is a copy of the clerk's letter to E H Wynne Finch Esq.

Southbrook Great Ayton RSO

May 18th 1896

Dear Sir

I am requested by the Parochial Committee of Great Ayton to thank you for your kind letter of the 21 April they feel very sorry that you cannot see your way to sell the land required for the disposal works &c of the proposed drainage scheme the only thing they can now do seems to be to get provisional compulsory powers they feel extremely sorry to have to come to this alternative but see no other way out of the difficulty.

Yours respectfully

John Dixon

Clerk

To E H Wynne Finch Esq

Manor House

Stokesley

9 M^f Simpson reports that the parties proposed saw the tenant (sic) who granted leave for the trial holes to be cut which was done the ground being everything that could be desired for the purpose.

10 M^f Taylor the Engineer read a report he proposed to send to the Local Government Board which was left with the Chairman for further attention.

11 It was unanimously resolved that the Rural district Council be requested to sanction the appointment of Messrs Bainbridge & Barnley as Solicitors in connection with the Drainage Scheme.

12 The Minutes of the last Meeting were read and confirmed.

May 27th 1896 Sir Please attend a Parochial Committee at 7.30 June 1. 1896 in the Old Schoolroom. Business. The Drainage Scheme
R H Simpson in the Chair Present George Dixon, Jno Pease Fry, W^m Heavisides (sic), John Nichols, Frederick Robson, Robert Woodwark.
- 2 The Minutes of last meeting have been read and confirmed.
- 3 Proposed by George Dixon seconded by Jno Nichols and carried unanimously that the Minute respecting the clerks salary be returned to the Rural District Committee ~~for further particulars see the Parish Council Minute Book January 1896.~~
- 4 It was proposed by John Pease Fry & seconded by Frederick Robson that the letter from the clerk to Rural District Council be returned. An amendment was proposed by Robert Henry Simpson that the Eleventh Minute be sent to the sub committee which was not seconded. The original Minute was carried with only one dissent and that the following Minute accompany it.
Resolved that the clerk reply to the District Councils letter as follows.
Referring to that portion of your letter of the 25th informing us that our letter should not be addressed to your clerk we beg to submit that we are in order in addressing them. We have found no official intimation of your having appointed any other Committee re Ayton Drainage than our own and if we had we venture to think that as we are appointed by your council we should still address our communications to your clerk and that if you decline to receive our recommendations there is little use in our continuing to act as a parochial committee.

August 24th 1897

Notice having been received from the clerk of the Rural District Committee that the Parish Council were appointed with the District Councillors of the Township the Parochial Committee for Great Ayton they also request us to call a committee meeting at an early date to consider the three following things

First

Proposed by John Pease Fry seconded by W^m Heaviside and carried unanimously that George Dixon be appointed chairman.

Present George Dixon W T Donaldson W^m Heaviside Thomas Peacock and R H Simpson.

First (sic)

The Committee consider the agricultural value of the land for the disposal area is probably about £80.0.0 but think it would be advisable to give somewhat more to avoid arbitration.

Second

The Committee do not think it probable that the money could be borrowed from any local person.

Third

If it does not involve a greater expense the Committee think there should not be any unnecessary delay.

The clerk is requested to write to the sanitary authority respecting the cleaning out of the Beck from the Dam steps at the high end of the Village to the foot bridge known as Josseys bridge at the lower end.

Met pursuant to the following notice.

Please attend a Parochial Committee at 7 o'clock in the Old Schoolroom this evening to receive the report of the Sub Committee and other Business

John Dixon Clerk

Present George Dixon in the Chair

R F Geddes W^m Heaviside Thos H Peacock & F Robson

- First Mr Heaviside reports that the Sub Committee called on Mr Levails about the Ayton Banks Farm house as he is going to use it himself they have also made diligent enquiry but no one is willing to let a house in Ayton parish isolation purposes. The Clerk went to Middlesbro as desired and saw Mr L Lithgow who declined to let furniture for the above purpose but offered to supply us with all that was needfull (sic) any time we sent a wagon down for it at the same price he supplied the large orders from Middlesbro &c for.
- Second Proposed by R F Geddes and seconded by F Robson that the following Minute be sent to the Rural District Council.
At a Meeting of the Parochial Committee of Great Ayton held the second day of March 1898 it was Resolved that the R D Council be requested to consider the desirability of preventing as far as possible the going to and fro in the district of hawkers, shows, caravans &c from infected areas or

neighbourhoods until such time as there can be no risk of infection or the epidemic of Small Pox has ceased in the neighbourhood of Middlesbro.

- Third Resolved that the following Minute be sent to the Trustees of Great Ayton Manorial Rights That no caravans, shows, shooting galleries or other itinerant amusements be permitted to locate or take up temporary habitation on either of the Greens in Great Ayton and that the Trustees take the necessary steps to carry this into effect such prevention to hold until the cessation of the present epidemic of small Pox in Middlesbro and adjoining districts.
- Fourth Proposed by R F Geddes & seconded by F Robson that no book or document leave the Clerk's possession except when required in an official capacity.
- Fifth Resolved the M^r Heaviside ask the Football Club to postpone any matches for the present.
- Sixth Resolved that the following minute Minute (sic) be sent to M^r Harry W Taylor Engineer for the Drainage Scheme Great Ayton.
Resolved at a Meeting of the Parochial Committee held at Great Ayton on the 2 day of March 1898 That the ventilators of the sewers in the Township of Great Ayton be constructed on the shaft system and not open to the road as laid down on the plan so as to lessen or remove any danger that may arise from smells in connection with the drains.
